

Honorary Life Membership Award

I am very honored and proud to have received an Honorary Life Membership Award by the Turkish Obesity Surgical Society (TOSS) in Antalya on the 19th October. The preparation and the ceremony guided by Doç. Dr. Eren Taskin and Faki AKIN was so well done and was really heartwarming; to me as well as to my wife Kathleen.

We enjoyed a great 9th Surgery of obesity and Metabolic Congress with inspiring talks and debates as well as Live Surgery (Conversion of a Sleeve to a RNY) in the Anatolia Hospital.

The afterparty and dinners were accordingly perfectly organized. Congrats to all the Organization team members including all medical and nursery staff in the OR.

Always great to meet my Turkish colleagues and some friends from the globe as Prof. Dr. Antonio Torres, Dr. Muffazal Lakdawala, Dr. Chetan Parmar, Dr. Nicola Di Lorenzo, Dr. Haris Khwaja, Dr. Tarel Omarov, Dr. Tanseer Asghar, Dr. Sami and so many others. We will be back!
